Pertinent Topics Discussed by H.C.

A report presented to the Presbyterian Church in Canada shows that givings average only \$1.60 a year per member, which shows that there are not so many Scots folk belonging to that church as there used to be, or that they have started to economize.

Is it only by chance that, no matter what party is in power, the Minister of Railways is selected from some district in which the railway vote is a determining factor in elections?

The Blum ministry will do something worth while if it nationalizes the manufacture of armaments. If other countries would follow suit we would be rid of the horrid suspicion that wars are sometimes promoted by armament makers with interlocking directorates who incite nations to war that they themselves may put money in their pockets. We always did regard these allegations with some mistrust, but even if totally untrue, the manufacture of arms by private persons or quasi-public corporations should never have been allowed. Only governments should be concerned in that trade, because it is their business to reserve the peace or prosecute a war. Governmental control of the manufacture and sale of lethal weapons would have prevented the gangster warfare that has disgraced the United States in the past quarter-century, and the rackets that have gunmen behind them.

No matter how long a party has been in power it seldom wants to quit. Mr. Taschereau resigns as Premier of Quebec, and the government goes to the country under the leadership of Hon. Adélard Godbout. In any other province it would be better tactics for the government to resign and let the Opposition go to the country as the government. In Quebec it may still be an advantage to be government and control the balloting. We shall see.

If motor cars and trucks and buses take a lot of business from railways, they also furnish some revenue for the rails. In 1935, the Ford Co. of Canada paid directly to Canadian railways \$3,384,647, not including freight payments made by suppliers. Oil and gas companies also pay a lot of money to railways to speed up the competition of motor cars and trucks and buses.

The quintettes have scored a new triumph. They are enrolled in the forthcoming edition of "Who's Who." An eastern editor comments that it is not a question of Who's Who but of Which's Which, and we rather think he knows what's what.

Leon Blum, the new French Premier, denies there is any panic about the franc. Why can't people be frank about the panic?

Canadian delegates to Geneva can go there now assured that their expenses will be paid and that none of them will be recalled.

That the United States has not functioned as a melting pot has been shown time and again. Last week, after a great deal of difficulty a true

(Continued on Page Three)

PUREBRED PERCHERON MARE SOLD TO SCOTTISH BUYER

A Driggs of the Ensign district sold the purebred Percheron mare, Blossom, to J. McPherson of Perth, Scotland. Sale was completed early last week and the animal was included in the shipment of many Alberta horses that left Calgary enroute for the ship-side during the week end. The mare was of the typical show type and weighed 2000 lbs. Mr. Driggs said he received a very satisfactory price for the mare. This is believed to be the first sale of stock from Ensign district to Scotland.

Vulcan Trade Board Plan "Buy-at-Home" Campaign

Will Placard All Roads Leading to Vulcan with Suitable Advertising Signs; Advise Improvements of Lomond-Vulcan Roadway

A meeting of the Board of Directors of the Vulcan Board of Trade was held in the Advocate building, Thursday, June 11th, at which several items of business for the membership meeting of June 25th were dealt with.

Plans were made for designs of road signs to be submitted before the members at the next meeting in connection with a buy-at-home campaign. It was decided that all roads leading to Vulcan be placarded at vantage points with signs with such reading as "Buy at Home and Boost Vulcan." It was thought best that merchants' names should appear on the signs with mileage to town, every merchant taking a number of signs in proportionate quantity. Prices on such signs were quoted at a reasonable price.

The resignation of F. E. Bennett as chairman of the Agricultural committee, due to ill health, was dealt with, as was the appointment of a chairman for the Industrial committee. Both selections will be referred to the membership meeting.

Discussion of the establishment of an auto camp in Vulcan was discussed. It was thought that such a camp should be on the highway, close to town, and that the establishment of such an enterprise should be made by a private individual. Messrs. Greene and Kemp were appointed as a committee to interview G. McQueen regarding auto camp location on his property. The final decision on the subject was left with the Highway committee.

Discussion was held over improvements on the Lomond-Vulcan road. That improvements were needed on certain portions of the grade was the expression of all the Board of Directors. It was decided that the Board of Trade communicate with councillors and council of municipalities through which the road passes advising improvements and maintenance.

It was decided that the Board communicate with the Department of Public Works regarding the erection of a snow fence along the road-spur from Highway 23 to the Vulcan street. Several social functions for the board were suggested and will be dealt with at a general meeting.

Pete McAskile and H. Kemp were appointed as a committee to attend sessions of the Town Council in an advisory capacity when it was learned that the council would welcome such a committee.

Vulcan Oil Stocks Raise When Well "Blows-In"

Vulcan Shareholders Company Have Thirteen Per Cent. Earning in Turner Valley Royalties Large Crude Producer

Vulcan Oil Company stock soared to the highest levels in years when the Turner Valley Royalties-well came in to spectacular crude production late Tuesday afternoon last week. The local shareholders company have a thirteen per cent. interest in the production of the well. It is the deepest producing well in the British Empire, having reached a depth of 6,824 feet. Directors of the Vulcan company were in attendance for the "coming in" of the well. Excitement ran high among shareholders when the stocks took the first upgrade turn for several years. From 11 cents, the shares have gained 44 cents to reach a high level of 55 cents on the Calgary exchange. On Saturday the Vulcan stock closed at 61 cents on the Vancouver quotations.

Since coming into production, the Turner Valley Royalties producer has yielded no less than 900 barrels of crude oil every 24 hours. The well is situated on the southern extension of the great Turner Valley oil field. The crude oil is considered to be the heaviest grade yet produced in the Valley, a gravity of from 42 to 43 degrees Beaume. With continued steady production, the price of Vulcan shares will continue to raise in value, officials of the company said.

ANNUAL MEETING M. D. ASSOCIATION PLANNED

At an executive meeting of the Foothills-Little Bow Municipal Districts Association held in Vulcan on Friday, June 19th, plans were made for the staging of the annual meeting of the association on this Friday, June 26th, commencing at 2.00 o'clock. The meeting will be held in the Odd Fellows' hall and will be followed by a dinner. Rev. Peter Dawson, M.L.A. will address the afternoon meeting and O. L. McPherson, President of the Vulcan Board of Trade, will deliver an after-dinner speech. Delegations are expected from every municipality member.

Gasoline Blaze Brought Quickly Under Control

A gasoline blaze at the P. B. Discher store was brought quickly under control by chemical extinguisher on Tuesday afternoon. The fire brigade made the run, but the blaze was out when they arrived. The gasoline, used for cleaning purposes, suddenly ignited as Mr. Discher was cleaning a clock. With the use of a hand chemical apparatus, he had the fire extinguished quickly. In the meantime an alarm was turned in to the fire hall. In fighting the flames, Mr. Discher received severe burns to right hand, forearm. His left hand was slightly burned.

BOARD OF TRUSTEES ENGAGE SCHOOL STAFF

With the exception of Miss A. Cook, the entire school staff was re-engaged for the 1936-37 term at a meeting of the Board of Trustees of Vulcan School District, No. 1902, held in the town office on Monday evening. Miss Cook has resigned from the staff and another teacher will be engaged to fill the vacancy. The staff re-engaged had salaries set from \$950 to \$1600. Following is the salary scale: W. L. Irvine, principal, \$1600; D. A. Allred, \$1150; R. E. Pedersen, \$1150; Miss E. Jenni, \$1100; Miss L. Fair, \$1000; Miss K. Smith, \$1000; O. J. Doney, \$950; Misses Cameron and Bantin, \$950 each. The board passed a motion that the fall term of the Vulcan schools commence on Tuesday, September 1st.

Big Producer

Pictured is the sensational Turner Valley Royalties well as it "came in" late Tuesday, June 16th. The Vulcan Oil Company hold a thirteen per cent interest in royalties. Since the well "came in" it has been producing over 900 barrels of crude oil daily.

Vulcan United Church Junior Choir

Pictured is the Junior choir of the Vulcan United Church, members of which, under the direction of Mrs. W. D. Campbell, participated in the 26th anniversary celebration of the church on Sunday, June 14th. The choir is one of Vulcan's many musical organizations. Miss Mabel McPherson is pianist for the group. Members shown are, back row, left to right: Mrs. W. D. Campbell, leader; Norreen McPherson, Lillian Ulrich, Hannah Clarkson, Evis Deal, Mary Parson, Grant Clark, Verne Parson, Stuart Campbell, Mildred Ulrich, Nonnie McAfee and Murray Fisher. Second row, left to right standing: Rev. P. G. McPherson, United Church minister; Gladys Parson, Lillian Clarkson, Rhue Clark, Betty Ottewill, Mary Olsen, Ralph Clark, Netil McPherson, Ronnie Marshall, Jack McPherson and Mabel McPherson, pianist. Seated in the third row is Joyce Denbigh. Lillian Clark, Thelma Fisher, Mildred Olsen, Lila Jean Clarkson, William Hill, Clair Recor, Mabel Olsen, the late Patsy McAfee, Ruth Lockhart and Connie Hoskyn. Seated in the front row are: Inez Beddickson, Mollie Craig, Marjorie Marshall, Majorie Syne, Gordon Campbell, Viola Loxton and Regina Beddickson. Photo by R. L. Elves by courtesy of Calgary Herald

MARRIAGE ANNOUNCED

The marriage of Muriel Jone, daughter of Mrs. Jas. E. Richards of Edmonton, to Mr. William Walter Butchart, only son of Mr. and Mrs. W. E. Butchart of Vulcan, has been announced. The wedding ceremony will be solemnized in the Knox United church at Edmonton on the evening of Saturday, June 27th, at 8.30 o'clock.

"Would-bes" Defeated by Farmers "Has-beens"

Sunday Baseball Classic Event Proves Plenty of Pep in Oldtimers Yet; Regulars at Quarter Strength Only

A yearly baseball classic in the Vulcan district, the contest between the "would-bes" and the "has-beens" was a sport feature at the Vulcan sports park during the week end. The farmers team known as the "Has-Beens" proved a team with plenty of pep, defeating the "Would-bes" 11-4. It was hardly a fair contest in several respects. The regulars were only about one-quarter strong, Recor, Craig and Lundgren being the players on the regular line-up that showed up. The balance of the team failed to make an appearance. The reason was not stated by the management. Perhaps they dreaded defeat at full strength and took it on the nose at one-quarter strength for an alibi. Anyway the classic for this season is history and goes down in records as a momentous battle.

On the line-up of the "Would-bes" was Jim Clark, R. Lundgren, F. Craig Bill Recor, H. Deal, H. Spaeth, F. Hanlin, Don Greene and M. McIntyre. Practically all took a turn in the pitcher's box, failing to stop the heavy barrage of the farmers' team. The farmers' aggregation had as players, R. Pritchard, B. J. Mensinger, Dr. Nichol, C. McAskile, Ed. Love, Dave Brooks and J. Johnston and others who failed to reveal their names. Mensinger did the hurling and Johnston the receiving for the "Has-beens."

The regulars made the circuit three times in the first inning and once in the second to complete their scoring. The farmers scored two in the first, three in the second, two in the fourth and four in the fifth. The game only went seven innings. All players had enough and declared armistice.

THREE CASES GERMAN MEASLES REPORTED

Three cases of German Measles were reported by Dr. Saunders of the Foothills Health Unit in Vulcan during the week end. Health officers immediately placed the homes under modified quarantine. Cases were reported at the W. Bride home, D. Sutherland home and Wm. McKenzie home. During the past few weeks several cases of whooping cough have been reported by health officers.

DISTRICT RESIDENTS BEREAVED BY DEATH

Mrs. Harry Douglas, Mrs. W. R. Herdman, Mrs. H. Holden and Mrs. R. Doane, all residents within the Vulcan district, were bereaved by the accidental death of their father, D. Zoloto Carr, aged 61 years and 6 months, of Okotoks, who died following a motor accident early Tuesday morning, June 23rd. Mr. Carr was fatally injured when the car in which he was driving overturned on the roadside about one mile south of Okotoks. The car was going south when the accident occurred. Mr. Carr died shortly after medical aid arrived at the scene. The deceased had lived in the Okotoks district for 36 years. He came to Alberta from New Brunswick in 1900 to homestead. Besides his daughters at Vulcan, Mr. Carr leaves to mourn his demise, four sons, D.C., Henry, Arthur and Sanford, all of Okotoks; two brothers, J. H. Carr, Okotoks, and H. E. Carr, Hoadley. His mother, Mrs. C. Carr of Okotoks, also survives. His wife died several years ago. Graveside funeral service was held at the Vulcan cemetery, where interment was made, Thursday, June 25th.

Growing Crops Need Moisture

An inspection of the crops in the Vulcan district during the week end revealed heavy growth in every section. For anticipated yield from 30 to 60 bushels per acre much moisture will be needed. The soil is dry, and moisture is needed this week.

The dry winds of the past few days have been material in sapping the soil of practically all reserve moisture and from all parts of the district come reports of "burning" of the plants. Grasshoppers have done damage in some sections to the east. Light frosts were reported in the district early Friday morning. Potatoes and beans were nipped in the gardens and to the north the wheat was touched. Only very slight damage was reported.

A TRUE FISH STORY

Tales of exceptional good catches have been reported by Vulcan fishermen, fishing in the waters of Willow Creek and Lake McGregor. The latest tale comes from Hugh Lee who, with Wayne Ransom of Cayley and Doug. Haddon of Azure, fished in the north fork of the Willow Creek west of Nanton during the week end. His tale was not one of quantity catch but of quality catch. He caught one of the largest Dolly Vardon trout ever brought back to Vulcan for inspection by envious eyes. From tip of nose to tip of tail it measures 23 inches. It tipped the scales at exactly four pounds. It took Mr. Lee nearly one-half hour to land the fish that was caught at the falls on the north fork. The party caught 32 trout.

BUS SCHEDULE CHANGE

A change of schedule of the Greyhound busses from Calgary to Lethbridge, via Vulcan and High River, went into effect Monday, June 15th. Both north and south busses arrive in Vulcan during the morning within a time-space of twenty minutes. The northbound bus arrives at 10.10 o'clock and the south bound bus arrives at 10.30 o'clock.

Good Deeds Institute Award Window Box Prizes

Harvey School Awarded First Prize in Annual Competition Sponsored by Vulcan District Women's Group

Mrs. Hungerbuhler and Mrs. Irwin Sr., judges in the annual school window box competition sponsored by the Good Deeds Women's Institute, announced the awards at the regular meeting of the group held at the home of Mrs. R. S. Irwin on Thursday afternoon, June 11th. The prizes were awarded by the Judges, as follows: first prize, Harvey school; second prize, Richmond Hill school; third prize, Boyne school.

Twenty-four members and a number of visitors were present for the meeting that opened in the usual manner followed by reports of committees. Mrs. S. Irwin read a letter from her link correspondent, a nurse in the Hitchin hospital, England. This letter briefly outlined welfare work in England.

An invitation extended to the institute to hold the annual picnic at the farm of Mr. and Mrs. D.H. Galbraith, south of Nanton, was accepted. It was planned that the picnic be held on Wednesday afternoon, July 22nd.

Favorite recipes were given in answer to the roll call. An interesting paper on Home Economics was delivered by Mrs. Parson. The next regular meeting will be held at the home of Mrs. H. I. Montgomery on August 13th.

Social Afternoon

Mrs. J. H. Lucas was hostess at the last social afternoon. The members brought flour sacks and good progress was made in making various articles of fancy work, aprons, etc. The next social afternoon of the Good Deeds W.I. will be held at the home of Mrs. A. J. Kennedy on Thursday, June 25th. Sewing will be resumed.

JULY 1st DOMINION HOLIDAY VULCAN STORES ALL COSE

All Vulcan stores and business houses will be closed all day, Wednesday, July 1st, Dominion Day, July 1st is a Dominion holiday and will be observed throughout the country. Housekeepers are asked to do their shopping early Tuesday in laying over supplies for the holiday. Stores will close at the usual week-day hour Tuesday, 6 o'clock.

KING EDWARD

This being the week of King Edward's birthday, the fol-
lowing extract from the Educational Review (taken from
Stettler Independent) is appropriate.

"A former Grand Duke of Russia who has known the
King since he was six months old, said recently that if he
had to prepare a balance sheet of the personality of the
King he would arrange it as follows:

ASSETS (1) Sane outlook on life; (2) absence of con-
ceit; (3) inborn ability to deal with various classes without
falling into the maudlin tone of a politician catering to the
masses; (4) great business acumen; (5) physical stamina
and endurance; (6) understanding of foreign mentalities
and a great capacity for learning languages; (7) his most
valuable asset of all—moral courage.

LIABILITIES—Just two—his epoch and the friends of
his youth. Not that his playmates were bad or dangerous
but outside of titles and money, they possessed nothing.
They were sufficiently harmless—but a complete waste of
time for the Prince of Wales.

In the last few years, however, a new attitude has been
assumed by him. "It is all right to have a jolly good time,"
he said, "but a chap must grow up some day."

What he has seen of Canada, of Australia, of India and
of South Africa has made him a firm believer in the em-
pire's exalted destiny. King George lived to see the basis
of his kingship broadened, but his son will be the first
monarch to be crowned King of a group of virtually inde-
pendent nations. He will assume his responsibilities with
the knowledge that not the least of them is his personifica-
tion of the only constitutional link that now binds the
British Empire together.

"In all that opportunity, experience and charm can give
here is a man wonderfully suited to the part to which life
and the needs of the nation have called him.

LIFTING SANCTIONS

Almost simultaneously Great Britain and Canada made
their announcements regarding the lifting of sanctions
from Italy and the reasons for so doing. Prime Minister
King, speaking for the Canadian government, gave as his
reason for his attitude, that there is no practical alterna-
tive other than to support the raising of sanctions. "Collective
bluffing cannot bring collective security," he said, "and
Canada has fulfilled her part in enforcing the sanctions
agreed upon."

Premier Baldwin of Britain stated: "Collective security
has in our view, failed. The forces of the League must
ensure certain and immediate superiority against an ag-
gressor. Germany, France and ourselves, should work for
peace, and the part Germany can play for good or evil is
immense."

Mr. Anthony Eden preceded these comments by the ob-
servation. "The purpose of the sanctions is not being real-
ized. The Italian army has succeeded. No Abyssinian
Government survives. But the government is determined
that the league must go on."

Rt. Hon. R. B. Bennett expressed a few doubts and re-
grets along with his commendation of Mr. King's stand,
but admitted that if he were in the prime minister's place,
he might give the same decision. He thought that by remov-
ing sanctions Canada would be condoning the wrong do-
ing of Italy. The only loss to this country would be a loss
in trade, Canada, he said, "had none of the international
complications confronting Britain or France" and there was
no question of military sanctions. He suggested that Can-

ada might set an example to the world and blaze a path of
rectitude.

Mr. King asserted that Canada would continue to sup-
port the League but would not be a party to commitments
which would automatically involve military or economic
sanctions. Despite the fact that the League had failed to
prevent the conquest of Ethiopia and had made no effort in
the Japanese invasion and the Chaco war, he did not feel
that it was a failure.

Mr. Anthony Eden observed: "If we cling to a course
after the end has become unobtainable, we may lose the
greater end, Peace, for which we are working."

SNIPERS ARE UPON US

The farmers—and therefore all people in the West—are
entering upon their anxious season. For the next two
months the annual battle of the prairies will be at its most
critical stage. One never knows whether nature will be an
ally or an enemy. There is rarely open warfare, with the
scene of attack definitely mapped out and anticipated. It is
a matter of sniping here and there. It may be a crack of
frost in one district, a dangerous spell of drought in another,
a visitation of cutworm or hoppers or rust in certain
areas, or a blast of hail mowing down fields here and there.

Unlike other industries, it is not possible to provide pro-
tection against all of these possible weapons of destruction.
They strike from ambush and too often unexpectedly, or
they may not strike at all.

The great prairies stretch from the Great Lakes to the
Rockies, altogether vulnerable and defenceless. Is nature to
be a friend or foe this year? If truce is declared we will
reap a great harvest. If it is war, there will be casualties,
many good farmers going down before some unforeseen
and cruel blast.

There is no other time of the year which demonstrates
the power of nature, and the frailty of man's effort, more
strikingly than the summer months. They exact their toll
from human beings in anxiety, apprehension, and sometimes
in losses.

Nature will play her game this season as in other sea-
sons, in her own undisciplined way. But we have learned to
take it, and it must be remembered that almost always
she brings us by way of great tribulation, to a bountiful
harvest.

UNLIMITED RESOURCES?

Every once in awhile, we get a jolt in respect to our
"unlimited resources." We learn that this is merely a fig-
ure of speech used by orators and politicians, and that our
resources are by no means unlimited. Hon. C. C. Ross re-
vealed the depressing figures which indicate that Turner
Valley gas supply is not something that can be counted on
as going on and on into eternity. On the contrary, he is-
sued warning that unless drastic conservation steps are
taken, or unless great new production develops, domestic
gas service will require a compressor system to keep up
pressure, and this may result in increased gas prices.

It is not clear just what individuals can do to preserve
this service, which is perhaps one of the most valued of all
our services. But Mr. Ross' main purpose was to rouse pub-
lic awareness to the seriousness of wastage.

The former government in attempting to introduce Con-
servation measures met with considerable hostility and
skepticism.

Of all our services, the gas system is one of the most
valued. It has meant comfort, cleanliness and release from
labor, for which we are thankful every day of the year.
Any doubt of the continuity of such a service as it already
exists will stir the public to support measures by which it
may be preserved.

The suggestion that prices might have to be
raised to take care of added equipment in preserving pres-
sure, is most unwelcome. In the summer, the cost dwindles
to a nothingness which makes the bills a pleasure to con-
template. But in the tough winter months, it takes just
about all the average family can do to pay them. Any in-
crease in price would be almost impossible to carry and
would result almost certainly in the loss of customers who
would attempt to struggle along with wood and coal.

The point made by Mr. Ross is that it is the existing
wastage which creates the possibility of higher prices. He
does not mention what may be done to curb the waste, but
does give the hope that by stricter conservation a satisfac-
tory outcome may be reached. Anything in the nature of
research, or of restrictive measures will be watched with
close interest by all those who have heard Mr. Ross' review
of the situation.

FIRST... THE TRUTH

THE same man is a hero to his friend and a ranter to
his enemy. Opinions differ. Opinions will always dif-
fer. But an intelligent opinion is possible only when
all the facts are known. The truth—the facts—the
news—these are the essentials. You must have them
to think clearly, to decide intelligently on any question.
And you need not be without them. News of every
event of importance, every issue, every angle, is brought
to you by the press—not just one version, but the whole
truth as it can be drawn from every available source.

A GOOD newspaper's own expressions of opinion are
confined to its editorial space. The integrity of its
news columns is inviolate. They present the discover-
able facts, uncolored by politics or allegiance to any
group or faction. Your inalienable right to form your
own opinion is unprejudiced.

A FREE and untrammelled press—a liberty that is de-
nied in many other countries—that is what the inde-
pendent daily and weekly newspapers of Alberta offer
you. They give a voice to current opinion that is heard in
high places. They are a perpetual safeguard to the
freedom and welfare of the people.

YOU OWE IT TO YOURSELF TO
SUPPORT THE NEWSPAPERS THAT
SPEAK IN YOUR INTERESTS.

LOCAL NEWS

Mr. and Mrs. Ed. Deman accompanied by A. J. Maisey of Kirkcaldy were Calgary visitors on Wednesday.

Mr. and Mrs. J. N. Johnston were week-end visitors at the home of Mr. and Mrs. M. Hanson of Black Diamond.

Dorothy Ottewill, who has been a patient in the Vulcan municipal hospital for the past two weeks convalescing from an operation for appendicitis, had sufficiently recovered on Tuesday to return to her home.

The Church of Christ Gospel team accompanied by Mr. and Mrs. Jasper Bogue, journey to Broadway last Sunday, where all enjoyed a basket dinner. Services followed. Later a number from the team journeyed to Twin Coulee, leading in service. They plan to return next Sunday.

Arrangements have been completed for the staging of the fifth annual Elks' Kiddies' day at the Little Bow swimming 'ole on Wednesday afternoon, July 15th. The Vulcan lodge committee are planning a bigger and better day of fun and entertainment for the kiddies of Vulcan district. Transportation will be provided for all children, leaving Vulcan at 1 o'clock. A complete program of land and water sports will be provided plus the usual free treats.

CHURCH OF CHRIST LADIES PLAN CONVENTION MEALS

The ladies of the Missionary Society of the Vulcan Church of Christ met at the home of Mrs. Boose, Thursday, June 18th, with a good attendance of members and three visitors present. Mrs. Boose, the president, presided. Plans were made for the serving of meals during the convention days, July 24, 25 and 26, when the Alberta Churches of Christ convene at Vulcan. Committees were appointed for taking care of the arrangements of each meal.

Following the business session of the meeting, refreshments were served by the hostess. The July meeting will be held in the church hall.

CHURCH OF CHRIST CONVENTION PLANNED FOR JULY 23rd to 26th

Activities at the Vulcan Church of Christ will be many and varied during the next several weeks. J.R. Ladd will have charge of the revival meetings that start June 28th. Plans are rapidly forming for the provincial convention of the Churches of Christ which will be held in Vulcan from July 23rd to 26th. The provincial young people's camp will be held in High River, July 27th to August 4th.

UNITED CHURCH SERVICES

The regular programme of services will be carried on at the Vulcan United church Sunday, June 28th. Morning service at 11 o'clock, Sabbath school at 12.15 o'clock and evening service at 7.30 o'clock. The subjects for the day are: Morning: "The Vital Things," evening: "The Leisure of Faith."

Change for Summer Services

On advice of the staff, the official board of the Vulcan United church decided to declare a holiday for the Sabbath school during the months of July and August. School sessions will be resumed on September 6th. During the two holiday months there will be one service of worship only every Sunday at 11 o'clock a.m.

JAMES EARL LADD COMMENCES REVIVAL MEETINGS

For the past several years, James Earl Ladd of Grant's Pass, Oregon, has been travelling throughout the Western United States as an evangelist. He is a graduate of the Eugene Bible University, Eugene, Ore., and his work has been very successful. He is a speaker of ability and has a pleasing personality. He is very much in earnest in his work and seeks to set forth the teachings of the Bible clearly and convincingly. The Church of Christ congregation at Vulcan is looking forward to a great series of services when Mr. Ladd leads in a revival meeting that commences next Sunday, June 28th.

Pertinent Topics Discussed by H.C.

(Continued from Front Page)

bill was found against a man named Luciano and his associates, all with foreign names, who have conducted a racket for the "protection" of vice, out of which they made millions. It has been going on for years, which it could not have done without the "protection" of politicians and law officers of the State. The Luciano syndicate collected \$10 a week from each prostitute for protection, and this was only an item in its revenue account.

It is not by chance that strikes occur at most unfortunate times. The unfortunate times are carefully selected by union leaders. The big strike in Paris involving a million workers was staged during the interregnum. The leaders knew that state interference would be all the more difficult when one government was going out and another coming in. If railway workers strike it will not be in the summertime when there are other means of transportation available. Strike leaders select the occasion most embarrassing to employers which happens to be also the occasion most inconvenient for the public; but that does not figure in the decision. They act on the assumption that if the public is inconvenienced it will visit its wrath on the employers and not upon the strikers.

The philosophy of the leaders is that to attain full effectiveness they must select the hour when most damage can be done. If they were leading doctors into a strike it would be while some plague is epidemic; if they called police out it would be when riots threatened; firemen when arson is rampant; soldiers and sailors during a war. The interests of the public and the safety of the state would be considered only insofar as the crisis would help them gain their demands most quickly and effectually. A strike is conducted on the same principle as war—it is war—with all of its terrorism and its disregard of the civil population.

This is the season when religious denominations hold annual gatherings and discuss their own problems and other problems in which as citizens they are interested. They all, as religious bodies, have a common problem—a declining public interest in church work and as a consequence a reduced attendance on church services and, as a further consequence, a decline in church revenues. In spite of these discouragements, the ministers, we believe, are actuated by as great zeal and devotion as their predecessors were. We have no solution for their problems and found none through reading the reports of their deliberations, except a suggestion from one minister which might solve the financial difficulties. He said: "There is an appearance of hypocrisy in foreign missionary work. Through its foreign missions the church is sharply sensitive to the growing antagonism of the East to the West. roused by the attempt to force on the East the industrial civilization of the West. "There is also the objection of the East to having their old religions replaced by the Christian faith, for the good reason that Christianity has failed to keep western civilization from wholesale bloodshed. And right now the nations of Europe are arming as never before."

PAINFUL ACCIDENT

Howard Burrell, working on the farm of Mrs. Warden in the Reid Hill district, met with a painful accident Saturday afternoon when he fell beneath a wheatland plow that was being hauled by a tractor. The accident occurred in the work field where plowing operations were being done, when he stepped from the moving tractor to the plow to make adjustments to the levers. As he reached the plow he slipped, falling underneath his right leg was caught by the shares. The tractor was stopped immediately by the driver, thus preventing what might have been a fatality. Mr. Burrell's right leg was seriously mangled by the plow. He was rushed to the Vulcan municipal hospital and is resting nicely at the present time.

ALSTON NEWS

Mr. and Mrs. Wm. Wylie Sr. were week end visitors in Calgary. The Alston Social Credit group held a regular monthly meeting on June 16th. The next meeting will be held July 21st.

Biggar brothers, Charles and Harry are visiting in the United States. They will journey for several weeks, stopping at larger centres.

A party was held in honor of Mr. and Mrs. L. Posey, while visiting at the home of the latter's parents, Mr. and Mrs. Heslip, at the Ross Clark home during their stay. Card playing, recitations, music made up a pleasant afternoon's entertainment.

COMING TO VULCAN!

GENERAL ELECTRIC KITCHEN ON WHEELS
THURSDAY, JULY 2nd
Commencing at 9 a. m.
Conveniently Located in Business Section

WOMEN flocked to see this fascinating General Electric kitchen wherever it has visited on its Trans-Canada tour. Now P. B. Discher invites the people of Vulcan to inspect this model kitchen and see how it is scientifically planned to end drudgery and bring hours of freedom. Snap a switch, push a button, and electrical servants do all the work . . . cooking, refrigeration, dish washing, cake mixing and many other tasks. Come and see all the labour-saving devices of a truly modern kitchen. Get new ideas for your own kitchen . . . its equipment and layout.

VULCAN HAPPENINGS

The infant son, aged seven weeks of Mr. and Mrs. Fred Noyes, died at Vulcan Wednesday, June 17th. Interment was made in the Vulcan cemetery.

Scouts in the Foothills district are all in readiness for the Scout Jamboree at Vulcan this Saturday, June 27th. Several hundred are expected to attend.

A tractor demonstration, under auspices of Roy Walker, Vulcan district Case agent, was held at the farm of Lorne Leverington this Thursday afternoon. The new model L Case tractor, with rubber tires was on display.

The gravelling of the elevator road, within the town of Vulcan was completed last week. The addition of gravel to the surface is an ideal improvement for the heavy fall traffic on this section of road.

Mr. and Mrs. Jasper Bogue and son Asel accompanied by Mrs. Shimp were in Black Diamond for services at the Church of Christ last Friday evening. They were also in Calgary on Saturday.

Mr. Robert Turner has been quite ill again with pleurisy. He is at his home west of Vulcan and had not recovered from his recent operation yet and this last illness gave him much burden. He is improving at last word.

Mr. Alex. Smith returned from Victoria Monday. He reports that Mr. Haga stood the trip out very well and that he and Mrs. Haga are comfortably located. It is too early as yet to tell whether the trip and climate will do Mr. Haga any permanent good.

Wm. Mackintosh was the lucky winner of \$15.00 in connection with the Elks' Kiddies Fund draw at the Vulcan theatre on Tuesday evening. The names of three persons were called for prizes, but Mr. Mackintosh was the only person, whose name was called, that was present.

Mrs. E. G. Hansell went to Calgary Saturday evening to spend a few days with her mother and then plans to go on to meet her husband in Winnipeg, where they will visit and rest a few days before returning to Vulcan. Mr. Hansell plans to attend and speak in the Manitoba convention of Churches of Christ at Winnipeg.

A number of people from Vulcan and district attended the annual sports day at Lomond this Thursday. The day was ideal for the event. Horse racing was the highlight of the extensive program with the baseball tournament a close second choice. The day concluded with a dance. A number of Vulcanites also attended the Blackie sports day on Tuesday, June 23rd.

Willard Snow, C. Grundy, Frank Clark and J. N. Johnston attended the funeral service of the late Mayor Meeks of Raymond last Thursday.

Mrs. Robert Burns of Milo, left recently for Los Angeles, Calif., where she will visit for several months with relatives.

Mr. and Mrs. Gus Spaeth returned from an extensive trip to Eastern Canada on Monday evening. They made the journey by motor.

Joe McKie of Carmangay was a Vulcan visitor Monday giving the delegates report of the recent Lethbridge convention, at the monthly meeting of the Vulcan Elks' lodge.

Members of the Vulcan band have been rehearsing for the past several weeks in preparation for the Calgary Exhibition and Stampede annual opening parade Monday morning, July 6th.

A number of automobiles, conveying the junior choir of the United church, journeyed to the Little Bow, west of Vulcan, Tuesday afternoon. The occasion was the annual picnic outing for the members of the choir.

L. J. Smith with wife and children of Lathom, Alberta, were Vulcan and district visitors last week renewing acquaintances. While here they were guests at the home of Mrs. Smith's mother, Mrs. J. Lesback.

Rev. Peter Dawson, M.L.A. for the Little Bow riding, addressed two meetings in Calgary on Tuesday evening. He addressed the Victoria Social Credit group in the Labor Temple and the Loyal Social Credit group in the Trades and Labor hall. Speaking of the government's "prosperity fund" certificate plan he told both audiences that it was the plan of the government to give each constituency \$5,000 worth of certificates. "On August 1st, if the plan has prospered, another \$5,000 will be issued to each constituency," he said.

The Vulcan baseball team went down to overwhelming defeat when home games were played on Monday and Wednesday. Claresholm and Champion were the visiting teams. The local "home-brew" team find the other teams of the Foothills league stiff opposition with imported batteries on the line-ups. Vulcan is the only team in the league this season with an all-home-player line-up, most being high school students. They lack organization somewhat, but the experience, while not so good for the fans, is training for the members of the team that should produce better ball as the season advances.

F. M. ANDERSON & COMPANY LIMITED

TWO DOMINION DAY CELEBRATIONS FOR DISTRICT

Residents of the Vulcan district have a choice of two Dominion Day celebrations to attend during the week day holiday next Wednesday. The annual Elks' celebration is being held at Champion and the annual picnic under the auspices of the Lake McGregor U.F.A. Picnic Association is being held at the Marquis municipal park at Lake McGregor on July 1st.

A feature of the Elks' celebration at Champion will be the third annual two mile road race under sponsorship of the Vulcan and Champion lodges. Other items on the program include a baseball tournament with Vulcan, Arrowwood and Champion as competing teams; a ladies' softball tournament with competing teams from Vulcan, Barons, Carmangay and Champion; children's athletic sports and race events; high jumping and pole vaulting; cowboy lariat rope act. The celebration will conclude with a movie show and dance in the evening.

At the Marquis municipal park, the Lake McGregor U.F.A. picnic features will be the horse racing program of eight events and the athletic sport program with 23 events. A new feature this year is the horseshoe pitching tournament with good prizes. A baseball tournament, softball tournament and basketball game will also be included on the lengthy program. A dance in the I.O.O.F. hall at Milo will bring the day to a close.

Full particulars for both celebration and picnic are given on the printed posters now on display throughout the district.

MASONS WILL ATTEND

CHURCH SERVICE

The last Sunday in June brings the members of Vulcan Lodge, A.F. & A.M. to St. Aldhelm's church at 11 a.m. for morning prayer; and in the evening at 7:30 the A.Y.P.A. will hold the closing rally for the season. Three o'clock at Eastway school will give the people in that neighborhood opportunity for thanking God for the Confederation of 1867.

Modern Masonry was recognized on St. John's night 1717, and since that time it has been the custom for many lodges to attend Divine service on the Sunday nearest that date

HOSPITAL NOTES

Paul Driggs of Ensign is a patient. He is resting nicely.

A son was born to Mr. and Mrs. Simmie of Arrowwood at the Vulcan Municipal hospital on Tuesday, June 23rd.

Mrs. E. Jacobson was an operative patient on Tuesday. Friends will be pleased to learn that she is making satisfactory progress towards recovery.

Recent operative cases at the hospital have included Miss Jean Clifford, George Wilson, Sybil Fitzpatrick, Ralph Stager, Betty Craig, Walter McComb, Dorothy Ottewill and Mr. Wighton of Lomond.

Howard Burrell, who met with a painful accident while plowing on Saturday, is resting nicely. The injuries to his right leg are not as severe as first thought, however, he will be a patient for many weeks.

Superintendent Mabel McLeod wishes to thank the ladies of the Ensign Institute for the donation of face cloths, and Mrs. Frank Clark for the donation of baby gowns. Thanks is also extended to the many friends who have contributed vegetables.

CARD OF THANKS

Mr. and Mrs. Dave McAfee and Nonie desire to express their most heartfelt thanks for the many kindnesses shown, letter of sympathy, and beautiful flowers sent to them during their recent bereavement.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Hateful poisons go into the body, and you feel sour, sunk and the world looks punk. A more bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of oil but have no oil or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 15c.
